CONDENSED TELEGRAMS.

The general federal council has given its assent to the Socialist bill.

It is denied that there is an Afghan envoy to the Porte in Constantinople.

The death of James Johnson, proprietor of the London Standard, is announced.

The steamer Venza, from Montreal is ashore at North Sydney, and will be a total wreck.

Right Rev. S. H. Rosecrans, brother of the General, Bishop of Columbus, Ohio, is dead.

Oscar Bonnell, the brakeman injured at Oakland Friday, died on the 21st from his injuries.

The report that the Aneur's reply to the Viceroy's note was unconciliatory and unsatisfactory is confirmed.

The Australian cricketers will play against the California 22 at San Francisco on Thursday, Friday and Saturday next.

It is stated that Cetywaw, a Powerful chief of the Zulu Kaffirs, will shortly begin open hostilities against the British.

The inundation on the Damietta branch of the Nile submerged 80,000 acres of land, on which there were fifteen villages.

The rumor that the Democrats intend forcing an extra session of congress in March is generally discredited at Washington.

At Montreal the Orangemen have entered actions for damages against the Mayor for false arrest on the 12th of July. David Grant, county master claims \$10,000, and the others \$5000.

Gen. Butler has been legally requested to disgorge \$5000 accepted by him as a retainer from a treasury clerk implicated in the whiskey frauds Ben having failed to defend his client.

Harvey Havemeyer denies all criminal knowledge and implication in the cipher telegram business, and says the telegram sent to his residence became such a nuisance that at his request they were sent somewhere else.

The schooner Moss Glen, from St. John, New Brunswick, for New York, was wrecked October 14th. A seaman and the steward were lost, but the remainder of the crew were picked up after being four days without food or water.

At a ranch near Gonzales, Monterey County, on the 20th a man named Dart was late for dinner, whereupon the Chinese cook abused him for it and got knocked down. He then procured a shot gun and fired at Dart, inflicting perhaps fatal injuries, and escaped.

On the 18th two white men entered the house of a negro near Memphis, and killed him while he was lying in bed with his wife. One of them was arrested but the other escaped, and a party of negroes finding an innocent man asleep and mistaking him for the escaped murderer, riddled his body with buckshot.

An enthusiastic reception was given to Melody and Condon, the liberated Fenian prisoners, at Cooper Institute New York, on the 21st. Butler, Boucicault and Fernando Wood sent letters, and speeches were made by Condon, Melody, Sunset Cox and others. The indifference of Charles Francis Adams, late minister to England, in the prisoners' release was strongly condemned.

General John Gibbon, U. S. A., has preferred charges against general Pope for the publication of Stonewall Jackson's operations on the 30th of August, 1862, as having occurred on the 29th, knowing the statement to be false. The publication of this was what helped, with general McDowell's testimony of the same import, to procure the former verdict against Fitz John Porter.

Cures by Relics of Pius IX.

(Fall Mail Gazette.)

The Bulletin of the Association of St. Francis de Sales mentions among the most recent cures effected by the agency of the late Pope Pius IX that of a young man at Paris, who was relieved of a frightful attack of colic by the application to her body of a pair of white silk drawers which had been longed to the late Pope, and happened to be in the possession of the convent; and that of an Argentine man at Sienna, who was cured of a bad cancer in the face by the application to it of a portrait of Pius IX; and that of a medical man at Bologna, who was cured of a number of diseases by touching an old stocking of Pius IX. In Texas a still-born child was brought to life by the touch of a cross blessed by Pius IX; and in the convent of the Infant Jesus at Coire, near Lyons, a nun who had a cancer in the tongue and serious internal diseases, invoked one night, when suffering acute pain, the aid of the late Pope, and was found completely cured next morning. These cures are cited, among others, to make good the claim of immediate

benefit set up for Pius IX.

The clothing war.

EDITOR GAZETTE: In the Journal of October 18, I find an announcement signed L. Abrahams, of the White House. This announcement sets forth that other dealers in clothing keep "humbly shops" and offer "unsuitable goods" to the public. He also believes that these humble dealers "lie to deceive the public." I represent, for my part of the humbuggery, Mr. Editor, I represent that when I offer "unsuitable goods" I always suffer for it, and not Mr. Abrahams. The people have worn my goods long enough to know better than Mr. Abrahams whether they come from a "humbly shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.

Now, whether I keep a humbug shop or not, I shall continue to sell the best goods in market and at the lowest rates. I shall sell men and boys clothing cheaper than "Whitey" can. I shall keep more goods, and a resher stock always on hand. And all of these assertions, so far from being "lies to deceive the public" can be proven by my patrons during fair week as they have been proven any time during the past ten years.

NATHAN,
Virginia Street.

Don't Forget It.

If you are troubled with nervous

ness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and in more terrible forms, the diseases and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is more powerful than any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seven cents per bottle by mail or by druggists, Osgood & Siskinaker. aut eod

A CARD TO THE PUBLIC.—I do not sell any goods 30 per cent. below cost, or even at cost, but I offer my first-class stock of clothing, furnishing goods, boots and shoes, hats and caps, trunks and valises, etc., which have been bought for cash at the lowest market rates. Therefore I wish the public to post themselves on my prices before going to the humbug shops where they are always drumming into the ear that they are selling at cost or below cost. They either bought unsuitable goods or they lie to deceive the public; they don't deserve to be patronized. Remember the One Price Store.—The White Store, No. 19 Commercial Row, next door to the postoffice.

L. ABRAHAM.

Cohen, of New York, the most celebrated Optician that ever visited the Pacific Coast, has arrived and will remain at Barnett's store, corner of Commercial Row and Virginia street, two days. CURIOSITIES OF THE CAMPAIGN.

It is significant that during the present campaign neither the Democratic newspapers or speakers have anything of consequence to say on behalf of their candidates, but devote themselves to coarse and vicious abuse of the Republican nominees. That great and good man, Bradley, does not have justice done to his greatness and goodness. The press of his party do not point out that he is a plain, bluff old man who is above such weakness as good grammar, decent manners or pretensions to intelligence. It is a shame that we do not hear of his statesmanship, his crushing logic (per Clarke and Garrard) as exemplified in his state papers. He has a voice, has Blennerhassett, and in the good times when he appeared upon the field of battle, the old rebel yell, as rendered by him, must have been peculiarly dreadful.

Senator Jones, secure of election himself, as he has reason to be, because his defeat would be a disgrace to the state, should not sit idly down and let the rest of the ticket take care of itself. He should be up and doing, raising his voice in this canvass for the Republican party.

A Ten Million Suit.
SAN FRANCISCO, Oct. 22.—In the nineteenth district court to-day John H. Burke commenced a suit against J. C. Flood, J. W. Mackey, J. G. Fair and the Con. Virginia Mining Company, to recover \$10,429,000, being the value of certain stock issued to the first three defendants in payment for seventy feet of mining ground deeded by them to the Con. Virginia company. The complaint alleges that the ground in question cost said defendants \$34,750, while the stock they received in exchange was worth at the time \$318,000. This suit makes the amount at issue in various suits, so far as heard from, \$40,445,000, and more coming.

Yellow Fever Notes.
MEMPHIS, Oct. 22.—It commenced raining last night at 10 o'clock and continued without cessation till 5 A. M. This morning it is clear and cold, with the thermometer at 56 degrees. From 6 o'clock last evening until noon to-day, 11 orders for interment were reported by the undertakers.

Accidental or Premeditated?
RED BLUFF, Oct. 22.—J. C. Enders, a German saloon keeper in this town, shot himself either accidentally or with suicidal intent yesterday. The charge fired from a shotgun, entered his head below the chin and carried away the whole of the face, causing instant death. The deceased was an old resident of this and Shasta counties.

The Wheelbarrow Man.
SAN JOSE, Cal., October 22.—The wheelbarrow man left mysteriously at dusk last night, purposely hiding his movements. He is seeking to waste time in order to reach San Francisco on Sunday to fill an engagement with a showman. Some think he did not get out of the city last night; others that he stopped in the suburbs.

Indian Outrage in the Black Hills.
DEADWOOD, D. T., Oct. 22.—Passengers by last night's Sidney stage report the killing of two persons, one a man named Schaffer and a woman eight years old, by Indians at Greenwood, 35 miles north of Sidney, on Saturday last. The hostiles numbered 20. No Indians have been seen in this vicinity to-day.

Killed in Stealing a Ride.
LOS ANGELES, October 22.—The unknown person killed by the emigrant train Sunday proves to have been a man named Roth, who, in attempting to steal a ride on the cars, was run over near Lancaster station, both legs being crushed. The coroner's jury yesterday rendered a verdict in accordance with the above facts.

Another Libel.
[From the S. F. Exchange.]
From the stories now filling the papers, we should judge that the principal use of the tramp is to show what a glorious future might be opened to women of the nineteenth century if they were only permitted to adorn the prize-ring. The last example is furnished by a plucky and patriotic woman of Reno, who clubbed an editor of that metropolis for spelling her name with a Y. No Smith of her family ever stood any nonsense of that kind, she said.

EDITORIAL NOTES.

The New York Tribune keeps up its exposure of the cypher dispatches. Its latest revelation is in the attempt to buy South Carolina in the electoral congress, and it furnishes a darker tale of duplicity than even that of Florida and Oregon. Smith Weed made a proposition to the returning board of that state, and it was accepted, that the members should receive \$30,000 if they would give two or three electors to Tilden. The proposition was ciphered to Gramercy park, but the money came too late and the proposal fell through. It is now in order for Tilden to enter another shuffling denial.

While Republicans are looking around for a candidate for the Presidency as Hayes' successor, we respectfully suggest that Senator John P. Jones, of Nevada, is about as square, able and available a man for that position as this nation possesses to-day. We believe the combined powers of darkness could not prevail against him.—San Jose Mercury.

That is true, every word of it, but, unfortunately, Senator Jones is a native of Wales, and is, therefore, not eligible to the Presidency.

The bold, untamed Blennerhassett is the star Democratic orator of the campaign. He has a voice, has Blennerhassett, and in the good times when he appeared upon the field of battle, the old rebel yell, as rendered by him, must have been peculiarly dreadful.

Senator Jones, secure of election himself, as he has reason to be, because his defeat would be a disgrace to the state, should not sit idly down and let the rest of the ticket take care of itself. He should be up and doing, raising his voice in this canvass for the Republican party.

**Bold Blennerhassett Bawls—Hillhouse
Howls as one Without Hope—Ter-
rible Arrangement of the Re-
publican Nominees.**

The Democracy had a blow-out at the Opera House last night. Edwin Blennerhassett, the untamed, was just getting comfortably warmed up to his work when a belated Gazette reporter hurried into the hall. The gentleman from Gold Hill, Silver City and Virginia, (he has run for office in all those unoffending towns), was paying his respects to Governor Kinkadee, which soundly, Mr. Blennerhassett has discovered, only lives to give away millions of the people's money to the Central Pacific and other lecherous monopolies. Mr. Kinkadee has at Unionville a suburban cavern, to which he descends at night and lays plans for robbing the people of large sums which he, with an eccentric generosity, at once hands over to the Central Pacific and other railroad companies. Nine million dollars was a little present which this fiend of Unionville wanted to give the grasping monopoly in 1864. It was Mr. Blennerhassett's opinion (which could be heard in the remotest corner of Reno when it escaped from the hall and shrieked through the deserted streets), that the fiend of Unionville would have given three times nine million dollars to the hell-bound monopoly if he had had his own wicked way about it. The gentleman from Silver City, Gold Hill and Virginia said this a great many times, and hated to leave it to say anything else. He plainly felt that every time it was repeated he had discovered a new crime to lay at the door of the fiend of Unionville. The people must expect no favors from this desperate character Kinkadee. He would be sure to put his hands into the pockets of the poor and give all their hard earned savings to the C. P. It was quite extraordinary to hear Mr. B. describe the singleness of purpose with which the fiend of Unionville devoted his life to raising money for the C. P. He swooped out of his cavern at Unionville like the German barons of old, descending upon the passing merchant and robbing him of his goods. The barons, however, kept their stealings to defray the expense of their wild orgies in their moated castles, but the fiend of Unionville invariably handed over his bloody shirt to the C. P. and then laid low in the door of his cavern till the next unsuspecting victim happened along. In return for all this disinterested robbery, the C. P., according to Mr. Blennerhassett, is now helping the bandit of Unionville to be governor of Nevada, though why the C. P. should desire to discharge him from the position of robber-in-chief, which he fills so enthusiastically, the gentleman from Silver City, Gold Hill and Virginia, did not explain. Mr. Blennerhassett took a hitch at his oratorical waist-band and proceeded to gather in

THE SCALP OF HARRY MIGHELS, whom he described as an excellent gentleman personally but a devil in the flesh politically. The great aim of Mr. Mighels' existence has been to prevent the workmen of Nevada from getting bread for their wives and children. His paper, the Carson Appeal, is run solely for this purpose. Mr. Blennerhassett proved incontestably by reading extracts from that accursed journal protesting against pick handles and cobble stones being used as anti-coolie arguments. While the Republican candidate for lieutenant-governor was straining every nerve to starve the wives and children of the workmen of the state, the Democratic candidate for the same office was giving himself up to the high and holy mission of driving mules through the streets of Gold Hill. Mr. Mighels' soul's desire is to have the United States troops (for whom Mr. Blennerhassett has no affection, having faced them on many a hard-fought battle-field) to be employed to crush the Miners' Union of Storey county and to fill the mines with Chinese. Concerning that race the fiery Mr. B. wanted to go for them with the sword in one hand and the brand in the other, presumably for the purpose of applying the brand until the coolie could no longer bear the scorching and then when he turned tail to spit him with the sword—an easy and admirable method of dealing with the Chinese question. After reading numerous extracts from the Appeal the meaning of which he either distorted through malice or because he was unable to understand good English, Mr. Blennerhassett dismissed the subject by screaming: "Vote for Harry Mighels and you vote for a Chinaman." "I'd a damned sight rather vote for a Chinaman!" Relieving the hoarseness into which he had shouted himself by a sip of water, the gentleman from Silver City, Gold Hill and Nevada continued to abuse his betters, this time choosing for his innocent prey

MR. DAGGETT.

It would be quite impossible to report the atrocities of which this ruffian Daggett has been guilty. In a general way it may be said that for years he has, like Mighels, devoted himself to the degradation of labor and enthusiastic advocacy of the Chinese. Mr. Blennerhassett's chief complaint against him, however, was that he did not when Mr. Deal invited him to stump the state with him, say to that genteel and well dressed dummy: "Mr. Deal, my record is so bad that I dare not meet you on the

stump." Such a crime as this Mr. Blennerhassett could never forgive and it was upon him so that he adverted to the fact that once he had lost fifty pounds in ten days while working on the 2000-foot level of the Savage. Mr. B. could hardly restrain from breaking out in wild curses as he contemplated the iniquities of which Daggett had gloried in. At this exciting moment while the orator was purple from roaring, some one at the door shouted

"FIRE!"

and everybody jumped to his feet and looked about to see (as every true Democrat, being human, will) how he might save his bacon. "Sit down!" shouted Mr. Blennerhassett. "Sit down!" screamed Mr. Hillhouse from his position on top of the stove. "Sit down!" repeated Mr. Blennerhassett, flinging his long arms aloft. "Sit down!" It is a trick of the Republican party to break up this meeting. I've seen it done before. Thus reassured, the people began taking their seats again. "Oh, we've lived too long on the coast to be taken in by any such old worn-out trick as that. Why I—"

"Fire!" roared a dozen voices at the door, and there was a stampede to see the Chinese shanties blazing on Second street. At the end of an hour or so, the band drummed the audience back again, when Mr. Blennerhassett handsomely apologized for having accused the Republicans of having a desire to break up the meeting. Perhaps, a reporter had suggested to him, the fire was the result of his incendiary speech. He then picked up the mangled corpse of Daggett and shook it for a while and dropped it to take

by the throat and tell him to his teeth a number of the most remarkable and fanciful things, among them that he (the villain Jones) had done nothing to do with the passage of the silver bill, that it had taken him six years to prepare one speech which (the talented Blennerhassett said it with fine extemporaneous scorn) he had read, before the Senate. He also informed the honorable Jones that there was not a man present who could not have prepared a better speech in six months. He further howled right into Jones' face that he (the thick-headed Jones) was a ghastly and gigantic fraud and he wanted no more of him, there being so many cleverer men lying around loose, to Mr. Blennerhassett's certain knowledge, who were willing to go to the senate. Money would be used to elect Jones. John W. Mackey, who had lately returned from Europe (Mr. B. repeated that disgraceful fact several times in a sardonic manner) had declared for Jones; that the weight of all his millions would be used to elect him, and that he was prepared to discharge any miner who did not vote for him.

A voice—"You can't prove it!" The voice came from near the door and was loud and defiant. The audience was thrown into confusion. Bluffer Blennerhassett raising his hand to heaven and rolling up his eyes in the same direction, screamed: "By God, I can and will prove it!" But he didn't. The Democracy yelled that the interrupter of the love feast be put out. Sinful Republicans laughed and called for the man to come forward. Mr. Blennerhassett talked very loud and fast for a few seconds, so wild and confused slush about the banks and the mines and the Chinese companies all being bent to crush down honest labor, and took his seat in a very perceptible state of agitation. The band played an encouraging tune and then

A. M. HILLHOUSE mounted the platform. Mr. Hillhouse is a fine looking, portly gentleman, and people were prepared, late as was the hour, to listen to him, expecting that their ears, to which Blennerhassett had done no little injury, would get a rest. The people were fooled. As a bawler Mr. Hillhouse beats even Blennerhassett. He was absolutely compelled to bend his knees very much and then straighten up suddenly to shoot out the shovels which he felt ought to be hurled at the Republican party. His voice is also uncertain, and in the midst of a flood of roaring thunder a flash of squeaking lightning would dart out and relieve the heavy mass of booming sound. It is not needful that Mr. Hillhouse's bellows be reported. Everybody in Reno, no matter if they pulled the bedclothes over their ears, must have heard every word of it. He accused the Republican party of every offense he could conjure up. Nothing was too bad for them to do. Every burden upon the people was placed upon them by Republicans. He seconded Blennerhassett's silly revilement of senator Jones for whose election money would be spent lavishly. According to his account, Republican voters all over the State were giving up a good deal of their time to come and tell him that they were going to vote the Democratic ticket. He placed the whole odium of the bullion tax compromise upon the Republicans, exhorting, or rather yelled at the Workingmen and Democrats of Washoe to sink their differences and present a solid front on election day. Much weakened by his severe labor, Mr. Hillhouse, at the end of half an hour, fell into a seat, and what remained of the audience dispersed.

Last Night's Fire.

About half-past 8 o'clock last night a fire broke out in a Chinese wash-house on Second near Virginia street, and in a few minutes the building and the adjoining were in flames. Two small frame buildings occupied by women of the town, were also partially destroyed before the engines, which were a long time in coming, arrived. It was fortunate that the night was not a windy one, or the pavilion would have been burned. The loss was about \$1000. The origin of the fire is not known, but carelessness in the Chinese shanty probably explains it.

UNDER THE WHEELS.

ELIAS PARKS KILLED BY A LOCOMOTIVE.

A Horrible Accident Near the V. & T. Bridge—What Came of Leaving a Train of Cars to Shut off the View of the Track.

A dreadful accident occurred at half-past 10 o'clock this forenoon. As E. C. Parks, a teamster, was crossing the V. & T. track near the bridge he was run into by yard engine No. 48 and killed. Mr. Parks had just delivered at the Nevada State mills a load of barley, which he had brought from near Janesville, where his home is. He had eight horses hitched to the heavy wagon and was riding one of the wheelers. He had no chance to see the track, as a long line of flat cars loaded with lumber were between him and the rails upon which the engine was backing toward the V. & T. bridge. The tender struck the wheeler, throwing Parks upon the track, and the wheels of the locomotive passed over him, cutting off both his legs above the knee and otherwise mangled him horribly. His death was almost instantaneous. The pole of the wagon was broken short off, freeing the forward horses, but tearing the foreleg of one poor brute out at the shoulder so that it hung by a few tendons and rags of flesh. A pistol ball put him out of his agony. The wagon was knocked off the track. Al. Lyman was in charge of the engine at the time. He says that the bell was ringing, and that he did not see the horses till he was almost upon them. Coroner Haslund took charge of the body of poor Parks, and set the inquest at 3 o'clock this afternoon, and the testimony will develop whether or not anybody was to blame for the man's sudden and awful death.

THE INQUEST.

Thomas Holden was the first witness examined. He testified: Was not present at the time of the accident; saw the wrecked wagon afterwards; saw the deceased lying on the track; I thought he was dead. His name was Elias Parks; he was a teamster and rancher; I think he was about 50 years of age; don't know his nativity, but am pretty sure that he was an American. The accident occurred about half-past 10 o'clock; he was killed by the tender running over him at the crossing close by the V. & T. bridge; I walked over to the mill beside his wagon to the flouring mill; he had eight horses in his team and two wagons; after unloading he returned the way he had come, that being the only way; I did not come back with him; helped him turn the wagon; left him riding one of the wheel horses; the eight animals were pulling the empty wagons; I started up towards Earl's depot on the C. P. track; had got about 150 yards from the lower end of the corral when I heard the engine bell and started back; before I got where I could see the road he was on I heard the crash and ran up and saw Parks lying as I have described and the broken wagon; several men were lifting Parks up; he died in a few minutes. Deceased has a wife and children and a brother living in Janesville. When Parks went to the flouring mill there were quite a number of loaded cars standing on the east switch track of the V. & T. road; one car came over on the crossing about six feet; Parks thought his wheels would be stalled if he got off the crossing and onto the track and that his back-action might get snagged on the coupling of the last car; I took out the coupling-link and he got over without trouble; the cars obstructed the view from the mill side; they prevented the tender being seen by him.

C. M. CALDWELL

deposed as follows: Am a resident of Virginia City, and a lather by trade. I came here this morning. At about half-past 10 o'clock I heard the bell of a locomotive on the V. & T. track; looked out of the door of a new house west of the crossing where I was working; saw the locomotive backing down the track towards the crossing at a moderate speed; she was about the length of two cars from the crossing; there was a line of cars on the east track; that moment I saw the head of two horses; suppose they were on the lead; at the same time I heard somebody holler from the engine the horses took spring forward and drew the wagon up; there were eight horses hitched to the wagon; the engine was reversed very quickly, two wheels going over the man; there were four horses down; the engineer got off and we picked up the man and laid him on one side; I then hastened for a doctor and returned with him just in time to see the man die; I think the loaded freight cars were standing in the same position when I went to work at 7 o'clock this morning; the deceased was lying between two of the horses when we picked him up, the one he had been riding and another.

JAMES ALLEY testified: I live in Reno; I saw a wagon about 10 o'clock; saw the team coming up to the crossing from the mill; saw the engine coming down on the V. & T. track very fast—about ten miles an hour; I saw four horses across the track; Parks tried to get off but his foot caught in the stirrup; then the collision came and he was thrown down; saw the engine strike the horses and overturn the wagon; the man fell off his horse before the wagon was struck; both horses rolled over the man, and then the wheels of the tender passed over his legs.

C. RICHARDSON

testified: I was working at Graff's building lathing; I saw nothing until

after the accident had happened; went to the V. & T. track and saw three or four horses down; I also saw the man lying on the centre of the track, between the horses and the tender; it was the yard engine No. 48 of the C. P. R. R.

ALBERT LYMAN

testified: I am the engineer of the yard engine No. 48 of the C. P. R. R. The cars had been standing there since 7 o'clock this morning. It was about 10:10 o'clock we started down the main track of the V. & T. toward the bridge; did not see the team at any time before I came to the crossing, on account of the freight cars on the V. & T. spur; I was leaning out of the window of the cab looking towards the bridge; was not over a car's length from the crossing when I caught a glimpse of something. I knew not what on the track; my fireman shouted "Look out!" and I turned round and reversed the engine; I opened the throttle as wide as I could and stopped her as soon as possible; we went only about 15 or 20 feet after the engine was reversed; we did not go over the crossing; I can not tell which we struck first. But I think it must surely have been the horses; the curve is very sharp and I could see but a few feet ahead in consequence from my position; the cars standing on the spur were left behind because the morning train could not take them; they were C. P. cars destined for Virginia city; the fireman was ringing the bell all the way from Chamberlain's to the point at which I reversed the engine, at which time he left the bell-rope to put down the brake.

To a juror—Was on the side of the engine next to the loaded cars; the fireman was on the other side; the engine was going from 6 to 8 miles an hour.

HENRY NORTROP

testified: I was on the engine; I was looking out on the opposite side from Mr. Lyman. I saw a pair of horses across the track and one pair on it; I heard Mr. Getchell and Mr. Gladstone shout; they were both on the engine; Getchell jumped off; then the tender struck the horses on the track; they had got a little further across; the engine bounded back immediately; I saw a man and four horses lying on the track.

This closed the testimony and the jury went with the coroner to visit the scene of the tragedy. The verdict had not been rendered up to the time of the GAZETTE going to press.

JOTTINGS.

—An assessment of five cents per share has been levied on Jones & Kinkadee.

—Meyers, the negro who lied so persistently about tarring and feathering Jones and went crazy in consequence, has been sent to the Stockton insane asylum.

—Commissioner Torp of Storey was badly run away with yesterday when starting for Virginia. He got well scratched by being thrown out of the buggy, but held on to the horses and came out all right.

A Bewildered Dog.

During the burning of the Chinese houses on Second street last night a half-grown dog managed to get into the fire and howled piteously. A stream was turned on him and a lad rushed in and rescued doggie who seemed to have lost his senses, for he at once ran back to his hot and smoky quarters. He was once more dragged out, and got off with a singed coat.

REPUBLICAN PLATFORM.

ELECTION—TUESDAY, NOVEMBER 5, 1878.

Resolved, That we reaffirm the principles of, and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine that this is a nation of freemen, and that both State and national governments should give ample and complete protection to its citizens, and that the Republican party is the only party that has preserved these governments, and the Republicans of Nevada demand that every qualified elector in every State in the Union, black and white, shall be permitted, undisturbed by force and fraud, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such votes, to any office shall be free to discharge its duties. That the permanent disqualification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands solemnly pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments, it will go forward in the work of pacification, until peace shall come through right doing, and conscientiousness through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice-President Wheeler hold their seats is revolutionary and dangerous to the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, mortgages, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on all railroads within this State.

Resolved, That in their shameless disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we will with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestricted coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That there should be retrenchment in the public service; that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That the Republican party of the State of Nevada is opposed to and protests against any repeal, modification or any change in the law taxing the proceeds of the mines commonly known as the "bullion tax law."

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one State of disunion record, and not one act has been brought to light which reflects anything but honor upon the propriety of our organization and its principles.

Resolved, That the Republican party of Nevada immediately take such steps as to absolutely stop the further immigration of Asiatic labor into this country; and that such just and proper measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference with the political or legislative action of this State, by moneyed rings or corporations, or the representative of aggregated wealth of capital that we view with alarm the increasing and increasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of the people.

POLITICAL.

ELECTION—TUESDAY, NOVEMBER 5, 1878.

Resolved, That the principal aim and object of the Republican party is to secure to the people of Nevada a reform government, and should be frowned down, and resisted by every individual who has at heart the welfare of the American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any money raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty that possibly be.

Resolved, That to promote the advancement of education and morals, to stimulate a virtuous and efficient enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our children, the system of public schools to maintain the Union and protect its flag, to guard the memories of the dead who died in the name of the Union, liberty and law; and to vindicate all our acts and purposes is the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of that party and its principles, holding all men's claims and aspirations secondary to these high claims and ends; these are our duties, and these the intentions we do most strenuously maintain and avow.

Resolved, That we are unalterably opposed to the violation of any private trust or duty that possibly be.

Resolved, That the convention refuses to confer any appointing or elective power whatsoever upon the county central committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$100,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.

REPUBLICAN COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 15th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the compensation of the people's public officials, concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to existing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by a successful candidate for office are binding upon him as strictly as the pledges of a candidate for office are binding upon him.

DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies; no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the equality expressed will of the majority; the equality of all citizens before the law; economy in public expenses; that labor may be lightly burdened; swordbation of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to special mention, the Democratic party of Nevada presents:

1st. The induction of R. D. Hayes into the office of President, in violation of the clearly expressed will of the people, denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest bearing bonds for coin for redemption purposes but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

3d. In view of the recent decision of the

POLITICAL.

ELECTION—TUESDAY, NOVEMBER 5, 1878.

Supreme Court of the United States, State and National legislation is demanded to protect the people of Nevada from the outrageous discrimination and excessive charges of railroad corporations, within this State.

4th. The Democracy of Nevada denounces the Chinese element as an incubus that will paralyze honest labor in any civilized country on earth and demands such a radical change in the treaty with the Chinese Empire as will forever stop the immigration of the Chinese to the United States.

5th. The Democracy of Nevada is in favor of the State, county and municipal government; and that every species of property bear its just and equal burden of taxation. While no war is made on the great corporations, it is demanded that their property shall contribute to the support of government, the same as other property. Unfading opposition to any further exemption of the set proceeds of the mines is announced, the mining interests being now sufficiently encouraged and protected. Such a reduction of State taxation is demanded as will prevent any accumulation of money in the State Treasury, and as will only furnish a sufficiency for the interest on the State debt and the economical administration of the State government.

6th. The Democracy repudiates the doctrine that any officer may disregard and ignore the pledges made by his constituents, and on the faith of which he was elected; and declares that if such practice be tolerated it will result in the destruction of representative Democratic government, and we declare that no power exists which can relieve officials from pledges made to the people previous to election.

7th. The Democracy of Nevada holds the ballot to be the inalienable right of free citizens; views with alarm the efforts of the great foreign corporations to control the political contests in Nevada, and urges the people of this State by their votes and the polls in the approaching election, so signally to rebuke and trample upon such interference as will forever prevent its repetition.

8th. The Democracy of Nevada recognizes the right as well as the necessity, of organizing and maintaining by the industrial classes, Miner's Unions and "Mechanic's Unions," and other associations, for the purpose of protection against Chinese pauper labor. Under a wise and frugal government, which is the mission of the Democracy to maintain and perpetuate, any resort to force, or to violation of law, or invasion of the right of person or property, to redress grievances, is needless and at war with free institutions. By legislators fostering and favoring the great moneyed corporations, such as national banks, railroad, steamship, telegraphic and manufacturing companies, the Republican party has perverted the Government from its true object, protecting the people, and made it the instrument of plundering them. It has concentrated vast wealth in the hands of a few, while the teeming millions who created that wealth are struggling in poverty and enforced idleness; and it has enabled monopolies to devour so great a portion of the earnings as to take from the mouth of labor the bread it has earned.

9th. The Democracy of Nevada congratulates the country upon the acceptance, by the present administration, of the constitutional and pacific policy of local and self-government in the States South, so long advocated by the Democratic party, resulting in peace and harmony to that section of the Union.

10th. The Democracy demands the Legislature to pass additional enactments to enable stockholders to visit and examine mining property in which they are interested.

THE THIRD GUBERNATORIAL TERM.

The Democracy declare that honesty, capacity, devotion to the truest principles of Government and the faithful observance of pledges, constitute of themselves the highest title to this rewarded confidence, and further that the Governor of a State, with little patronage, and with powers limited by the strict provisions of the constitution, and that of a President of the United States, by virtue of his office, Commander-in-Chief of the army and navy and the head of one hundred thousand office-holders, striving to perpetuate a personal and tyrannical rule by the unscrupulous use of all means at his command. The career of Gold and silver the only legal tender; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies; no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the equality expressed will of the majority; the equality of all citizens before the law; economy in public expenses; that labor may be lightly burdened; swordbation of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to special mention, the Democratic party of Nevada presents:

1st. The induction of R. D. Hayes into the office of President, in violation of the clearly expressed will of the people, denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest bearing bonds for coin for redemption purposes but the gradual reduction of the public debt; and rigid economy in all branches of the public service.
